Have a safe and happy July 4th—Independence Day!

Drafted by Thomas Jefferson between June 11 and June 28, 1776, the Declaration of Independence is at once the nation's most cherished symbol of liberty and Jefferson's most enduring monument. Here, in exalted and unforgettable phrases, Jefferson expressed the convictions in the minds and hearts of the American people. The political philosophy of the Declaration was not new; its ideals of individual liberty had already been expressed by John Locke and the Continental philosophers. What Jefferson did was to summarize this philosophy in "self-evident truths" and set forth a list of grievances against the King in order to justify before the world the breaking of ties between the colonies and the mother country.

CONCHO VALLEY TURNING POINT

Tony Tharp, Executive Director

Imagine you came to realize one day that you were a lost soul, in a terrible situation in life, and you wanted to turn your life around. Imagine that you had no one to mentor you and no resources to help you get started on your new path in life. How helpless would you feel about the prospects of making a successful new start and sticking to it?

CVTP is all about helping people LET GO of sorrow, shame and blame. Teaching people to GRAB HOLD of peace, joy and hope. Encouraging people to MOVE ON toward higher goals with renewed hearts.

Imagine you found CVTP and you are no longer helpless, but empowered to change your life forever. How would you feel now?

Imagine being a part of Gods hands and feet in this great work. Now how do you feel?

~Dale Mathes
