

I would like to ask for prayers on behalf of **CURA 2020**. I am currently in Brazil and tonight am meeting with the UNIFAE medical school administration and students with regards to ongoing cooperative efforts.

In addition, yesterday I had the opportunity to visit a very rural community that has many desperate needs. Today I was able to go to Vila Progresso (where we have been serving for the past 6 years) with Mona, our local contractor, and visit individuals and homes that we have helped in the past and are looking to possibly help this coming year. Was also able to look at the space we have been offered by the local Catholic church to continue our efforts due to the loss of the local school as a result of recent governmental changes.

CURA Brasil going forward is changing into a different concept than in years past. But these changes will be good. God is calling Brazilians to be a part. Tomorrow I have a meeting with Dr. Humberto, a local physician that is the rural doc for the surrounding areas. He is eager to help us with planning our new efforts in some very poor areas.

I could go on for a long time as to the excitement building for our changes, but right now there is a lot in flux and I simply ask for prayers that we are keeping our eyes and ears open for God's guidance. And be in prayer for Mona, who has such an amazing heart for the work in the community. Deus te abençoe

Greg Dunham
